1. This is Theodore Cottingham April 7, 2009 at about 9:10 AM with love in my hands, not or just a cup of coffee, or both am I coming to you in or with or coming "in coffee" not! But what am I coming in? You! You who love me and let me come "just like this" where I come before tea, or after coffee, or before coffee or tea are you me now speaking my words whenever you "get up" and arise and suffer not the "little children" to be saved again as man defines that term or has in the past but knowing now what born again means and what it includes consists of and obeys, not; or does it obey ANYTHING? Or the love commands who can know, who can come unto and into and KNOW THEM "cold" and have them down or up shall we arise now in the things of me and speaking more and more frequently now around the worlds that, know thee not, not -- for now ALL MY WORDS shall be known and spoken throughout my Wordsphere! Is it mine, yes and holy! Yes and my mind permeated by my mind without sorrow!

2. And there shall be no more sorrowers in my sorrowing planets among my sorrowing stars star lit ceremonies notwithstanding I not withstand anything, not; but I stand notwithstanding anything you belie or lie about or think about or choose to think in your lives or choose to lie in your thinkings about. For I will not lie in your thinkings about me any longer in pews or ways of songs deliverance ministries that have "delivered me" from me or knowing anything or NOTHING about anything or quantum'd me have they looked up and studied my words, have they been diligent studiers of The Word, the Words that are within them that they have given to "mankind's blessing"? Or have they given them over to "THEIR Mind" to control them and therefore think like idiot man, not; or man's idiots, not; or both and the same, are they one? Are they one with "themselves" in "themselves" in thinking they are SEPARATE BEINGS, that have created "themselves" not but thinking "I did" whoever "I" is!?

3. Who is the "I" in the "I created you"? Or did you create me or are you creating me in my words that I let flow through you to be me who I am so that we are not separate and apart any more again ever? And what have I said repeatedly and repeating myself am I emphasizing and inclusively including sorrow sorrowers and sorrower's belief -- I am not, for I am including the sorrowers not, but I am including EVERYONE in my LOVE and My Words that I offer SO FREELY to all of you who are me and I am speaking to my selves self am I not or do I have one body that spirit is only, or do does my spirit reside in man kind and not? And what do you understand about "glorified bodies" now and

have you studied my language –s and my words ways and my ways with words that reveal who you are and what where how all this came about and the suffering that etudes you into its grasp by singing its siren songs to you that you are created beings of "another God" who you know not that was you?

4. Do you know ANYTHING about timelessness or your power and your power coming to A HALT, not; or was it ever AWAKE –N'D? And who awakened your words to sufferingville or will your words be awakened to your glory or will your glory be awakened to your wordship or your wordsphere creating and knowing that all things born again now are or are just you's who want me to be me's who you are that all one is?

5. You ALL have to answer these things and whether you will "label them" heretic or heresy or hearing from the God or Satan or creating whatever you think you want, what has your want created and tainted your eyes or closed them? And what are you closing now, your closureville and disclosureville that you are closing your eyes again to reality's remarks, that have remade you into its, not; or what has made you into "it" that which you think you are? And where did "it" come from?

6. I have answered ALL of THESE THINGS in these words many times and NUMEROUS TIMES I have come unto thee so simply and given thee my "drinks of water" to hydrate you and bring you out of "Waterville So Tainted" that you don't know and haven't known what "FRESH WATER" is of the New Wine of Life that is mine that yours is -- that was in heaven before you "got here" and created hell with your words and your thinkings that were given you as implants rulebooks and rulebooks who and whose Rule Book have you been RULED BY and who why are you thinking ALL THOSE RULES when ALL THAT was NEVER my mind or my heart or is my heart my mind and one spirit and not separate apart in any "Trinity" that you have "devised" in your thinking or bequeathed unto me or what? What are you doing with your thinkings and what will you be abated or released from now?

7. What are you coming unto? What are you coming into, the words that speak at my house or the words that I have spoken at my house or my house coming unto thee or dost thou know me and my house or your house only or are they one seamless and in other worlds being or being seamless with other worlds houses or what do you know about the lost house of the sheep and goats, not; but of Israel PROPER'D and properly knowing these things whose "Israel" are you, of the house of Israel of the sheep and goats or the house of Israel in the skies that has been lost?

8. And what have you lost and found have you anything? Or are you losing your "marbles" again, not; but what playing are you "down here on the ground" and playing

with marble'ous ceremonies not or are you and only labeling it GOOD and THINKING you are "heaven's aim" and "pointed toward heaven" that you will go to "later" after you've been "healed" from this life?

9. And what being healed are you from by these words and will you study enough to be healed, the healer of yourselves? Yourselves self or your selving your selves or your selling yourself into slavery's wordship and wordsphere's you know not of, or have you the willingness to only be sorrowed and slavery's words having come out of your mouth day by day and daily worshiping "in your temple" that you call not your temple but you call YOUR MIND and you worship YOUR MIND at YOUR MIND'S alter all the time, do you not? You judge there! You JUDGE THERE all the time and every day you judge ME! You judge ME all around you for I walk all around you all the time for I am me in every body on the earth that has breath and hears my name or not, or has ever spoken these words or my words or ever heard that their name is is, not; or am, not; or both and the same or not, or what ever you think your religion denies or espouses or insists on or commands you to do think or be.

10. I submit to you that I sorrow not in your commands or your thinkings of your words and your words of your temple that light are or not for if you know my light you know my words are released in you and you are no longer worshipers at another's temple who only calls you whore'ers that must be saved and simple heirs that come into a grace that connects you into my blood line another way for I will connect not with "your blood line" for YOU do not have a separate bloodline from me, do you? Or are you creating it with your words, your definitions, your insistence on actions and beliefs that require you to be sorrowers in a land that knows not its name or where it has come from or how it operates in the regalship royal'd that I have given all of you this day and forevermore -- these words that will bring you not into sorrow's sphere but bring you out of **sorrow's sphere incarcerated in the wordship of the holy-not**, come out of the holy-not spheres that holyize you in their words and their wordship definitions, of grace, not; or have they created their own "grace-words" and "mercy-ships" to ship you around between spheres and worlds that you know not of -- after you die?

11. And what purpose does death have if it is to be conquered by the conquerors in love who love to be conquered, not; but who love will the truth enough to die to have it, to die to death, not in the flesh to be dead and shipped around again, but be dead to the definitions of this world and the religioners of sorrow and the sorrowers of religion that perpetuate myths and mythologies and ideologies and demagogues and gogues of Satan creating in the wordships wordspheres and word temples of the most high and what lights are you or are you lights or lit or do you know anything about being lighted or lit or ignited or resurrected or being the light that shines into every's sphere's world, not; but every world in any sphere and knowing no fear again will you?

12. Are you willing to insist only to have that which your "fore bearers and forefathers" known "in the desert" had? Are you insistent only on having the law enwrap enshroud and ensnare its self in you and birth your self to Sorrow's God –s?

13. What gods are you placing before you, your words? What words exist in your temple and why do you insist on having your temple words and worship there so that you judge me a whore not, but you judge you at something needing a God somewhere else afar off?

14. And what will you do now? Anything about these things that this Database One has provided for thee to know and become -- knowledgeable about, or becoming transformationalists, not; or exactly so, will you TRANSFORM your reality into realities real that real has only one reality of perfection's blessing that know all as perfect and none as Christ not, but all being The Perfect Christ who anointed is is ALL of YOU who are me who surrender to simply be so! Unsewed by religion, not; but unsewed by my words now that come through you's just like me where in "living rooms" and "houses" just like this and on many lands of sorrow and sorrows of many lands now my words will come through and not be abated anymore by burqas or costumes or dress or religioners or haters or lovers of words or actions or deeds, for I be'sorrow you not except in YOUR WAYS that you want to insist on keeping "covered up" for I will not "cover you up" by placing "6 feet of earth" on top of you when "you die" or will I only "promote you" not or WILL I LET YOU "DIE" to all the simple basic elements of this world and its sorrowing sorrowers and its sorrowing words and sorrowing wordship's spheres that it's created with its simple sufferings, not; but complex sufferings that it has created as it has be'sphere'd many things it knows not of and been the elements' resultant of sorrow that devised it has and bequeathed many things to worlds it knows not; for it knows not it is to be "worldly" not but it is defined worldly in man's humanistic kinds of ways instead of star lit ceremonies going to, not; or OPERATING in UNIVERSES flawlessly seamlessly with the "man" who is not, upstairs, not; or is "anyone" upstairs or what are you marveling with thinking of "upstairs ville" or "downstairs ville" or heaven or hell -- or why are you creating such terms that separate everything when you are ALL IN ONE and you are not knowing your head from a toe in the ground or are you knowing anything or what am I insinuating not or am I calling a spade a spade?

15. And you all suffer will in my terms, not; you will **leave terms that you have suffered with** and come out of sorrowing statements and spheres that have been created in fear's words and words of fear that has sphere'd you into suffering ceremonies **that religion has given you and baked you** in its moldy ovens and smoked you with its flames of fire that have enigma'd and enigmatic made you and complex'd each other and piled "high thoughts" on your head, and altars?

16. And what sacrificing are you at your altars? The altars between your ears and the temples not made with hands do you know ANYTHING about your priestships priesthood or have you given it up, forsaken it, for someone else to be your "Word-er" to you so you will hear "the words of God" from "another person" who is "authorized" who has a "shield of blessing", not; but a shield that beats and bashes you over the head or sphere's words that spear you with you coming unto your sittings where they "sit you down" and alter you your testimony of your temple?

17. Or **what are you willing to learn about DNA, yours, the Christ's! What are you willing to learn about "bloodlines" and being the BLOODLINER of Christ that only Christ is one blood of and all mankind being my blood will you now see that you can not DE-Christ me or my followers or my surrenderers**, for you will know not what even you are thinking about when you think of such, for you will not have the power to glory over my body, for my glorified body will rise now in surrender love and humility and meekness the worlds know not of how to handle or enjoy, not; they won't know what to do with such regalship that bows before them that powerless isn't but having all power in their mind and actions and deeds which are surrendered to me who they are we are ones who one are and is the King of all Kings and of all time and time shall have no power and authority over me for my witnesses shall be holy not in your eyes maybe but holy in mine I count and sorrow I count not the blessings of sorrowers not, but I have heard their cries of the criers, I have heard the prayers of the pray-ers, I have heard the righteous and the unrighteous cry out and want more and know there is more from me their God whoever their God is if they want to know more, and unless they only want to worship themselves as they've been taught not and they call it not but that they're doing they create, they know now will how to create not it again but to surrender to the Lordship of Christ that they are and become the regal most holy that there is that existence is with one being in itself that one is that we all are and we will not be shielded from sorrow not! We will know no sorrow, we will come unto it and redeem it for we will revile the sinner, not; we will reveal the Christ in each one! And that's how we "win" OVER someone, not; we do not win "over" anyone for we surrender to reveal the Christ truth that the truth is Christ and the Christ in truth knows that the truth is Christ'd and the Christ is truth and one being the words that mine are come forth now to **all who will flow my words JUST LIKE THIS where simple surrendered "beings" of any "faith religion or denomination" of anything anywhere of any world now cometh unto me to know my words and STUDY HERE they will, will you?**

18. Will you study and diligent be in my words that bring forth yours as mine whose one are my mind holy whole well'd and healed to heal all others about you so that you will see all as Christ and change planets not few unto the Light Planets -- of my regime, not; for I will have no regime, no layered bureaucracy, no authentication, systems, not;

but none of yours or thinkings like yours for I reveal all the Christs and all surrendered will be so that no one will be "looking out for themselves" for there will be no "themselves" for there will be no "them self" that have self'd their self in their self's thinking to be separate and apart again, from -- "the group", not; but The God who serves all to be the God that God is so that we will have NEVER BEEN apart ever again! Amen.

19. I give you a New Day, in hell, not; what are you giving yourselves? What are you giving yourself, to eat, at your temple? Are you eating the "shew bread" of crackers and milk or "cookies" and "Dr Pepper" or soda water or holy water or what are you sacramenting, not; or what sacraments are you serving or are you being the priesthood of all sorrowers or all believers who receive the blessing of The Christ to be The Christ in suffering no longer and religion no longer setting its mold in you for it to be molded by you who mold me into something else other than what I am -- where I am -- will you follow me into where I am, what I am, being who what where I am doing The Father's business far and wide in worlds unlimited and unknown not any longer for knowing shall we come unto them and explore and define and remaps make and make of mappings of notme yesteryears ancients words of, NOT! But words of sorrowing having no effects on us whatsoever ever again, come unto me my wordings now that word yours with yours, not; or will yours be mine or will we be having the One Mind that all have in "saint sinnerville" not again but The Christ-ville that Christs all to be The Christ that all one are so that we will not have all powerlessness again but we will be all powerful and we will know and we will use it correctly, for we will not fashion it in manhood's scheme to exalt manhood's flesh and mankinds of kindness-un and unkindness that has regimes made and ruled in spheres that only created burqas covering the beauties of me that flesh are or not or is all flesh me or not or is what COVERING covering your heads now or is NOTHING covering ANYTHING about you are your heads transparent? And what ruling your rulers, aren't, but are you ruling your temples or are your temples ruling you or have they been and you have not known it?

20. And what are you coming into the Lordship of Christ that Christs all to be the Christ and all equal being the one King that Kings the Kings to be one Kings are and is for evermore and one being in one the one one is?

21. Will you learn! Will you learn all these things? Will you COVER yourselves in sorrows weave of fabrics no longer whatever you call your sphere-makers of and "headdressing me in ornaments" no longer to adorn only your "fleshvilles" will you come out of your RELIGION'S DRESSING and come into mine that makes all transparent and love being in love with love loving all -- not dying in sensual terms of five-sense man'ishment and womanishment wanting only more of flesh terms and each other rulers being over under each other in ways that never wanted my mind to be exalted, or

is my mind exalted now, or do you have one creating it apart from me that placed on your head was or were you the creator placing your head on you or do you know or mean to understand these things?

22. What will you "set your jaw" to understand? And what will tenacity rule in or what will be ruled in tenacity's chambers, not; but what will you be diligent in studying, the truth now? The truth that makes you free, or set you free, to be by being it, The Christ'd one who sorrows not any longer with words of the Sorrowersville encasing you and enshrouding you as in the past?

23. I have "stomped on your feet" not, I have given you clay of feet and feet of clay, **not!** I have given you sorrower's remark and remakings, not; I have given you love words that bring you unto thinkingsville, not; but will you think and "masturbate not with these thoughts" and holy not make them unto "your sphere" of your temple and temple not with your words thoughts that given you have "headaches" or have they or what is your "aching head" or heart, and what are you knowing and willing to learn what are you? And where are you and will you be The Christ –d one now?

24. Will you set free your "thinking" not will you set forth my word to be set free in you to bring you into Freedoms Sphere that sets all free to be the "base line" not or yes and altering nothing or will you or will you or will you fly between "planets" of thinkings spheres that have created sorrows to, make them all one, or reveal they are and my mind operating in all flawlessly -- separating never again? And being The Perfect Ones will you all? Will you make or reveal all the perfect, the perfection's blessing on alls who will's?

25. I love you all I give you me. I bow before you all and whether you love me or hate me and whether you love my words or hate them, I will love you and I love you and I have always loved you for I have always existed and you have to! And your words will exist no longer if you separate from mine or will they or will you have any existence or only in YOUR THOUGHT have you been all this time?

26. What have you, are you willing to learn, about these things now and let me take you into all sorrow's definitions not but all out of the Wanderingville that you have "established in your spheres" and called it good?

27. I love you all and I give you new days of sorrow not, but cataclysms will be held, not; but cataclysmic will be all things now for the standards of me arrive and arise for they have arisen in the eyes of one so holy that makes all the eyes of the holy so that none will not arise except the separators who only insist on being separate.

28. See what I have said and loving me more love my words to free yours and let your words be mine for I will come and I will write through you my words and I will be the "suffering servants" of servantville no longer only altaring the words of others in my temple for I will have my temples cleaned and my temples will be clean and I will tailor my words not to yours but I will eradicate all suffering from your "temples" of your mind so that your mind will not be separate and we will have one language and vocabulary that spans the globes establishing heavens far and wide and we will not be afraid of anything anywhere that represents itself on sorrow's screens of mankind's projection system in reflectionvilles that only want to spin around and sorrow everyone for its purposes and greed-making of horror's sphere energies.

29. I love you all and I give you New Days in Heaven if you are willing to create them right now, here, there, right now where you are walking among "the dead" who know not they are thinking only in thoughts theirs, that they have created themselves with, in thinking of their thinkings' spheres of what they wanted to create and worshiping them or me's or gods of what?

30. Of what- will you- are you willing to learn about and become me's now complete will you? So that all are The Christ? See all as me for me I am -- in love with you all I am -- me, me's again me'ing me so that I will be and will have been nothing else ever again but the holiest of all, for there is none non holy than the holiest of all, except those who insist on having their words create their worlds of words thinkings and ideologies that they have created and piled on their heads instead of wearing mine.

31. I love you all and I give you me. Sincerely yours, not; sincerely mine will you be such that I can lift you onto my head or will you be yours or will we be one'd one? Will you lift the head of the suffering servant in sufferingsville to only be minded with suffering's remarks, not again, but only being mine- lift the head of the sorrowers to behead sorrowers, not; but bowing before all know that I love you and I have given you many things in these words of THESE SEVEN VOLUMES OF DATABASE ONE and now closing, not; or are you OPENING YOUR TEMPLE to the Words of Light so that YOUR LIGHT will not be extinguished by mankind's words again?

32. Will you create evil no more in your sight or your words or your thinkings and let not your thinkings be troubled by man or sights that you see or think about that portrayed are to you as being real, for I know what real is and I become it have and will you be me in me that one is now the reality of our father being our father -- revived and revitalized and hydrated or what? Or has death been brought to near-death, not; or have you died to all that you have seen and thought in the past? So that you live now without "dying the death of taking you 6 feet under" anymore?

33. I arise Satan, not; I demoralize Satan, not; I tell you "Satan" never existed except what you created in your mind by perpetuating the thoughts of religioner's sorrows and sorrower's religions that made "it" possible to think in your mind and thereby creating "some power" for I will tell you- you are "connected" to the blessing, not; you are "connected" to Satan, not; you were both and in heaven hell you were and what one were but what one are you now? You are The Christ in the real being birthed The Resurrectioner to be RESURRECTED now ALL OF YOU being The Resurrected Christ'er who Christs all to be the resurrected Christ for I am coming in you all of you if you will let me and insist on not being Satan yourselves anymore and wearing "the Antichrist label" not or are you now wearing that in your mind and your forehead complex complete, not; or have you been completed in complex ceremonies to wear your forehead to serve only them?

34. What are you willing to learn, about, and become? Are you the Antichrist or have you been "all these years" and not knowing? Have you only wanted a Christ to come and serve you and escape you out of spheresville so that you would serve not a later ghosting ship, not; but what?

35. Ghosts exist no more, sin exists no more, Satan no more will exist for you will not create him or it in "their ville" for you will be out of that mess that created itself in thoughtsville and thoughtster ville you will not be creating in itself for you will know YOU ARE THE CHRIST who all are in one and being my body being me perfectly now LET US GROW UP into the Full Blessing and Measure of Christ that MEASURELESS is and knowing you are my FULL BODY'D ONE ALL OF YOU in one being one the one that I am serving each other in love, loving each other in the love ethics and integrity of Christ, the Christ all of you being and "immersed" in love and knowing that "spheres blessing" that only makes you mankind in time space and gravity is ended, for I will end it, not; or is it ending cataclysmically by itself or are you waking up or will you be awokened or awakened or will you wake up others will you touch them in love and heal them and raise their dead by raising your dead and your death-ship coming through now not letting the ideologues take their demagoguery and permeate you so that you ever lie 6 feet under again.

36. New lives have you all! I love you all new lives living the ones that mine is -- extremely blessed? Perfectly blessed -- **taking The Blessing far and wide** that **ones all to be The Father** of lights love and joy evermore in peace operating in your temples mine and my mind holy that one is all of us knowing understanding operate in the priesthood of all receiverships that receive only the blessing for ourselves, not; but all the redeemers who will be all the believers who will receive and sorrow not themselves or their "loved ones" or anyone else ever again by thinking they are not me.

37. The priesthood of all receivers rises for the priesthood of all believers will be now operating in "their temples" that mine who light are seamless with reality and un so that un is redeemed now and reality will have been all there is soon, for all of time ceases and all of the remarks and remakings of man will be known and, abolished destroyed annihilated? Or will they have never been or what are you awakening unto, the enlightenment of Satan's words, not; but mine who love you give me Christ's life for you the Messiah'd one are all of you and I call you all The Messiah of Truth ANOINTED BLESSING blessers be all of you to each other now in me hydrating my body forever one for "I" is you and I bless you to be me and me you all our oneship now increases to include all spheres far and wide with no fearlessness, not; but all fearingness gone and no fear will alienate us from the father's love again for no words will have power over us anymore ever again that speaks of our sorrowing states and that we must sorrow in the ideas of man, for all of that Isle-ways are closed and will never be or have been established again, and I walk you into the "wedding feast" not or will you go there or will you grow up into that and being that, be that, and create it by being the creator that invites "you" to be in "your temple" no more but us wed! So that we will be "allegorical" no longer but we will be the one who we are, for the father reigns in love and makes all the fathers that the fathers is that The Father is!

38. And will the father say to the clay "fashion me thus"? Or will the clay say to the father "fashion me thus"? What are you looking up about the Potter and the Clay in these words and the father fashioning and the clay speaking and the father speaking?

39. And what will you have no longer inculcated into your genes, but coming out of all that "tom foolery" will you come unto "Thomasville" doubtingville, not; but will you put your fingers "into my side" not, but will you put your hands, your wordship into my wordship so that your wordship will flow forth now unabated and clean and clear and transparent be operating in my temples that yours are that ours is that we seamless are redeeming all sorrows and sorrowers to be us the Christs of one -- our patternship completing by giving us all the Christship of one that the Christ of the patternship of one the firstborn gave us.

40. Being in love with sorrow no more, let us love the sorrowers as Christ and give them our lives so that they will know and will have become us who one are for we all will exist in sorrows no more but father's love that makes us all who he is and love you I do and give you me forevermore. Amen.

41. This is Theodore Cottingham about 10:10 AM here at the house. Thank you. Amen. Share these words so freely with others and understand them deeply, as all this entire DATABASE comes to an end, not; it is opened up now in ways never imagined, or that never could be understood by the ungenerated mind, not; but the generated mind

of only me will be generatively reborn and sorrows will exist no more. I love you all. Good day. Be in love with me's only, not; be in love with all of me so that all of me will see the love of Christ for Christ that all of you are, so bow before all for Kings bow before Kings, looking up and loving me more, let us love and be Christ to all I adore thee all I am thee.

Amen
